# Social activity

<b>Name of activity</b>	<b>No to Platic Bags</b>
Date and venue	20/8/19 Budhwar Bazar market,Nagpur
Summary	A plastic bag once thrown on the ground takes centuries together to degenerate. Since most of the plastic bags we use are not biodegradable, they would just break into small pieces and will never completely decompose into the earth. Computer Science and Engineering departments identify this problem and conducted awareness program on “No to Plastic” at Budhwar Bazaar Market.Students of CSE Department communicated with many peoples in market and tell them how the plastics are not good for environment and also tell them avoid to use of plastic bags
