<p>4. Activities on Water Conservation should be carried out from time to time to make the aware of conserving natural resources for the sustainability of the future generations.</p>		
<p>d) ECOFRIENDLY CAMPUS</p> <p>Green landscaping at PBCOE which is an alternative method of landscaping allows you to remain focused on its aesthetic quality without using the hazardous chemicals and harmful techniques associated with some traditional landscaping practices.</p> <ol style="list-style-type: none">1. The campus of PBCOE is situated in the midst of luscious green landscapes with grass.2. Generally, the mowed grass clippings are left ,because they turn into natural fertilizer. The clippings also keep soil and water rooted to the ground.3. The grass debris is purposely kept far away from water pipes to avoid choking.4. The rain harvested water is used for Irrigating New Plants, Annuals & perennials.5 Our students sit around in the natural landscape shades, completing their assignments.6 Green landscaping has proven to lower heating and cooling costs in the campus.
