

Assessment Procedure & Evaluation of Value-added Courses

Assessment:

The Assessment of value Added Course is based on following parameters:

1. Attendance.
2. Quiz, Viva, Writing Program/ Coding (in case of VAC related to programming language), Course End Examination and Lab Experiments should be conducted for assessing the students' performance.

Evaluation:

The percentage of marks obtained by a candidate in a course will be indicated in grade. Performance Evaluation of the student will be considered as per his/her attendance and continuous assessment during the course & based on this the grades should be given as shown in the Table.

Grade	Marks %
A	90 and above
B	80-89
C	70-79
D	Less than 70

Students whose grades are within the above mention guideline will be awarded with certificates. However, student scoring less than 70% will not be eligible for award of certificate.
