Date	20-08-2019
Time	4.00 pm to 5.30 pm
No. of student attended	40
Activity Organized by	Computer Science and Engineering Department in collaboration with NSS cell.
Summary of Activity	<p>The usage of plastic bags has become a part of life style in the 20th century. People go empty handed to the shops and return with loads of plastic bags. The concerns of Plastic bags towards the environment are too huge to ignore. A plastic bag once thrown on the ground takes centuries together to degenerate. Since most of the plastic bags we use are not biodegradable, they would just break into small pieces and will never completely decompose into the earth. The garbage of plastic bags is the main culprit for blocking the drainage systems. The plastic bags left as a garbage would severely affect the wild life. Stray dogs and cows would eat them along with the food left in them</p> <p>Computer Science and Engineering departments identify this problem and conducted awareness program on "No to Plastic" at Budhwar Bazaar Market in collaboration with NSS cell. Students of CSE Department communicated with many peoples in market and tell them how the plastics are not good for environment and also tell them avoid to use of plastic bags. Students of CSE department also provide Cotton bags those are carry plastic bags. Students also collect the plastic bags found in market and provide cotton bags. Students request to people carry cotton bags. Student also make the poster on "<u>No to Plastic</u>" and spread the awareness about the hazardous effect of plastic on the environment.</p> <p>Principal of Institute, Dr. N.K. Choudhari appreciate the efforts taken by students and expressed negative effects of poly bags and plastic and appealed to them not to use them. Head of Department Mr. K. N. Hande also motivates the students for avoid to use of poly-bags. Students from all semester actively participated in this activity. NSS cell I/C Mr. D. B. Khadse, faculty from CSE dept Mr. V. P. Activity Name	Make a Life: Helping Hand to the Poor and Needy

Date	18-02-2020
Time	1.45 pm to 2.45 pm
No. of student attended	20
Activity Organized by	Computer Science and Engineering Department in collaboration with NSS cell
Summary of Activity	<p>People usually say that thousands of people die of cold, but we say that they die due to lack of woollen clothes and blankets. Poor and helpless people sleep in rags at footpath and roadside and die of cold. These poor people sleep close to each other during cold waves but how one can sleep sound without blanket or quilt in such conditions. They shiver due to cold breeze all the night and some old age persons die of these waves “We make a living by what we get, but we make a life by what we give”</p> <p>Computer Science and Engineering departments in association with NSS cell identify this problem and conducted social activity “Distribution of blanket and bed sheet “for needy people at Chota Tajbagh. Students of CSE Department distributed woollen blankets to these poor people so that they may be able to protect themselves from cold in winter nights. For getting relief from cold selected some poor and helpless people and get them blankets. All of them were happy to get the blankets and were also excited that now they would be able to have a sound sleep in cold nights.</p> <p>Principal of Institute , Dr. N.K. Choudhari appreciate the efforts taken by students and expressed there is no better gift than providing warm clothing to the needy during winter season. Lakhs of homeless experience bitterness of winter and are at a great risk of suffering from severe illnesses. Head of Department Mr. K. N. Hande also motivates the students for conducting such kind of social activity. Students from all semester actively participated in this activity. NSS cell incharge Mr. D. B. Khadse, Mr. V. P. The NSS cell of Priyadarshini Bhagwati College of Engineering has identified this problem and has associated itself with this case. Thereby, the NSS conducts a plantation drive each year.

More than 100 sapling were planted in college and surrounding area of campus.Total 175 Students participated in Tree Plantation activity from all Departments (CSE/IT/EC/CIVIL/Mechanical). Summary of NSS Activity	<p>Mahatma Gandhi had rightly said, "Sanitation is more important than Independence". He was aware of the pathetic situation of Indian rural people at that time and he dream of a clean India where he emphasized on cleanliness and sanitation as an integral part of living. India that is Bharat is an ancient civilization. It is considered to be a pious nation. India is consists of people of various faiths; Hindus, Muslims, Christians, Shikhs, Parsis, Jains etc, and they follow their faiths very devotedly. But it is a sad reality of our country that all the cleanliness and piousness is only confined to religious activities or kitchen. We Indians are not concerned about the filth all around us everywhere; anywhere one looks large mounds of dirt will be found.</p> <p>To addressed this problem, NSS Cell of Priyadarshini Bhagwati College of Engineering organized Cleanliness Drive under Swachh Bharat Abhiyaan Programme. The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. Under this programme, students from all the branches took active participation in drive. Even teachers were the essential part of this drive. As a part of this Cleanliness Drive, we had to clean soorunding area of Sakkardara lake and Chota Taj Bagh.</p> <p>The Principal of Institute, Dr.N.K.Choudhari has appreciated efforts of NSS Cell and addressed the all students of college to maintain cleanliness in campus as well as outside surrounding areas.</p>
