1. Event Title : Workshop on "Mastering CAD: Empowering Mechanical Engineers with Design Software Proficiency"
2. Event Date and time : 24th May 2023 at 11:30 am onward
3. Event venue : CAD Lab
4. Event resource person : Mr. Swapnil Udupurkar, Centre Head, CADD Centre Nagpur.
5. Name of Event Coordinator : Dr. S. P. Daf, Asst. Prof. Mech. Engg. Dept
6. Number of students : 17
7. Objective : To empower mechanical engineers with a comprehensive understanding of Computer-Aided Design (CAD) software, enabling them to create, analyze, and visualize intricate mechanical designs with efficiency and precision.
8. Outcome : The workshop aims to bridge the gap between theoretical knowledge and practical application by providing mechanical engineers with the tools and expertise to harness modern design software effectively. Participants will emerge with heightened capabilities to contribute to the design and development of mechanical systems, products, and solutions.

MEMORANDUM OF UNDERSTANDING

BETWEEN

AGARKARMEDIA PRIVATE LIMITED, NAGPUR

AND

PRIYADARSHINI BHAGWATI COLLEGE OF ENGINEERING, NAGPUR

Department of Computer Science and Engineering

Legitimate From: 2nd Jan 2023 to 31st Dec 2027

AGARKARMEDIA PRIVATE LIMITED, A-24, NIT Complex, Ayurvedic layout, Sakkardara Nagpur 24, Software & Web Development Company on behalf of itself and acting through the Director,

AND

This Agreement made and entered into on this 2nd day of Jan 2023 between **PRIYADARSHINI BHAGWATI COLLEGE OF ENGINEERING, (hereinafter called "PBCE"** which expression shall include its successors and permitted assignees) with its registered office at **Harpur Nagar, Near Bada Taj Bagh, Umred Road, Nagpur-24.**

The aforesaid Institutions are hereinafter referred to individually as *institute* and collectively as *institutes*.

It is the statutory object to disseminate advance knowledge by providing instructional, IT Training, internship and Placement facilities in such branches of learning as it may deem fit and it shall endeavor to provide students and teachers the necessary atmosphere and facilities for the promotion of:

1. OBJECTIVES OF THE MOU

The objectives of this Memorandum of Understanding are:

- a. To endorse interaction between **AGARKARMEDIA PRIVATE LIMITED** and **PBCE** in jointly beneficial areas towards students Technical Development.
- b. To provide a formal basis for initiating interaction between **AGARKARMEDIA PRIVATE LIMITED** and **PBCE**.
- c. To endorse and enhance academic interest between **AGARKARMEDIA PRIVATE LIMITED** and **PBCE**.
- d. To provide advice for implementation of Quality & Authorized IT & related Communication education at **PBCE**.
- e. To encourage bright students of **PBCE** to come for Internship/Industrial Visit/IT Education at **AGARKARMEDIA PRIVATE LIMITED**
- f. To endorse IT, Communication, Robotics, & Electronics related education activities between institutions.
- g. To make Students eligible & provide them platform of International Certifications towards IT and Communication.

2. PROPOSED MODES OF COLLABORATION

AGARKARMEDIA PRIVATE LIMITED and **PBCE** (For Department of Computer Science and Engineering) propose to collaborate through the following:

- a) Non-Commercial Cooperation and Promotion of Education and Training in areas of mutual interest.
- b) Any other below mentioned appropriate mode of interaction agreed upon between **AGARKARMEDIA PRIVATE LIMITED** and **PBCE**.

Technical Areas of Collaboration

- a) A continuing IT Quality improvement programme to improve quality of Information Technology education at **PBCE** through short-term/long-term certificate courses at **AGARKARMEDIA PRIVATE LIMITED**, Faculty/Guide of **AGARKARMEDIA PRIVATE LIMITED** could also be sent to **PBCE** for necessary assistance and guidance.
- b) Provide academic interaction by delivering special lectures at **PBCE** on topics of relevance to IT industry.
- c) Provide necessary help in organizing Workshops/Conferences Programs at **PBCE** for enhancement of skills for students of **PBCE**.
- d) Provide necessary support for establishment of IT Infrastructure as needed for any IT focused activities and Webinars.
- e) Usage of Academic Infrastructure of **PBCE** for conducting Lectures/Workshops/Technical Seminars.
- f) To provide Internship programme/Industrial Visits for students of **PBCE** under Course programme of **AGARKARMEDIA PRIVATE LIMITED** Nagpur

3. Industrial Visits for students – Semester wise

We believe that, **Industrial Visit** is considered as one of the most tactical methods of teaching. It provides students with an opportunity to learn practically through interaction, working methods and employment practices. Moreover, it gives exposure from an academic point of view. **AGARKARMEDIA PRIVATE LIMITED** also understand that, Industrial visit is a part of an Engineering course, during which students visit companies and get insight regarding the internal working environment of a company and how a company functions, as well as useful information related to the practical aspects of the educational course which cannot be visualized in lectures.

4. Internship & Live Project Development using Industry Platform – Software Programming

Summer & Winter Internship:

An Internship at **AGARKARMEDIA PRIVATE LIMITED** provides valuable experience to all interns. As per **AGARKARMEDIA PRIVATE LIMITED** experience, it helps candidate to gain a better understanding of their knowledge, likes, dislikes, and wants for the future. It also gives them valuable hands-on experience and allows them to apply what they've learned as per their interest to a certain career field.

Interns can join & complete this Internship only at Company premises. Duration of this Internship is 6 Weeks to 8 Weeks depending upon the Company Schedule. Interns may have to spend at least 2 Hrs / day during session. Summer Internship Starts in the Month of May & June while the Winter Internship sessions starts in the month of November & December. Industry Speakers, Tech Guides and Developers covers all the sessions in Internships.

Live Project Development:

The inventiveness was created keeping the issues and concerns of the IT Industry at one end and challenges of the Educational Institutions at the other end. As part of this initiative, **AGARKARMEDIA PRIVATE LIMITED** has been nurturing the IT Industry- Educational Institutions interface through Live Industrial Projects and Real Time Development to ensure better synchronization between IT education and the industry requirements. Besides providing projects from our sister concern **AGARKARMEDIA PRIVATE LIMITED** we also have association with many IT companies who provide live modules to us.

As far as the current IT industry is concerned **AGARKARMEDIA PRIVATE LIMITED** believes supply is more than demand. Our Project Development assignment helps Students to get more practical knowledge than theoretical. The industry needs hardcore coders who will deliver quality projects adherence to timelines. Not only that current IT industry is looking for people who thinks out of box and can practically implement ideas. The significant part by doing an academic project is that the students will learn the technology thoroughly and should be able to deliver any project in that language. The most important phase of a technical student is his ability to display his/her knowledge practically.

This bond will help PBCE students to get entry for very nominal fees. Students/ Candidates would bare their own expenses for this facility. Likewise, Internship, Project trainees can join & complete this work only at Company premises. Duration of this Project work is 12 Weeks to 24 Weeks depending upon the Company Schedule. Trainees may have to spend at least 4 Hrs / day during session. Trainees would have to go through necessary training and then need to finish tasks allotted by Team Leads and Developers.

5. Technical Seminars / Workshops

AGARKARMEDIA PRIVATE LIMITED always give preference to keep the students well acquainted with contemporary issues in IT & its related Industries and to keep pace with the changing environment, seminars/ workshops play an vital role for development, we would organize this on Every Friday or Saturday, where our Industry experts will deliver Guest lectures, Speeches and demonstrations on recent trends (Topics and Modules wise) related to Information Technology for faculty members and students. In order to improve students' developing knack of handling interview & communication skills and to provide strong foundation of Computer languages communication workshops would be regularly organized as per mutual schedule which would also include building positive attitude, positive thinking, time management, developing interpersonal skills, developing listening skills and participation skills in group discussions etc. (For Topics, take ref of resources mentioned in para 2-d).

6. IT Training's (Under- IT Infrastructure, Client & Web Based Software, Database, Cloud, Mobile Apps, etc)

Here, IT Training is an Industrial training, method by which a student can undergo somewhat theoretical and more on practical training with an industrial undertaking having specified interest. Industrial training can be commenced on regular basis during semester of students' academic. Industrial training can be performed in a Network Infrastructure, Software, Database Management, Artificial Intelligence, Mobile Apps Development and Hardware domains.

7. Placement Drive for Final Year Students:

This facility can be availed by the students those who have gone through proper training and project development work. **AGARKARMEDIA PRIVATE LIMITED** will assist Placements for all such respective students into own (**AGARKARMEDIA PRIVATE LIMITED**) and associate Companies. This doesn't intent that it brings any sort of assurance of Students placement. **AGARKARMEDIA PRIVATE LIMITED** .and its associates do not guarantee about placements and joining.

WHEREAS

The **PBCE** has decided to recognize **AGARKARMEDIA PRIVATE LIMITED** an approved Institution as decided by the Syndicate of the Board and to recognize to conduct various Industries/Job oriented para-professional courses under the approved institution of On campus/Off campus paraprofessional programme centers/Transfer of Technology and research programme center in collaboration with **AGARKARMEDIA PRIVATE LIMITED**

The parties have had preliminary discussions in this matter and have ascertained areas of broad consensus. The parties now, have therefore, agreed to enter in writing these areas of consensus, under a Memorandum of Understanding.

Now this Memorandum of Understanding witnesses that: The **AGARKARMEDIA PRIVATE LIMITED** (approved Institution) shall offer the above listed training and Services as approved by the PBCE for Department of **Computer Science and Engineering**. The training fees of the respective courses may be fixed and revised as and when required by the mutual consent of the PBCE and **AGARKARMEDIA PRIVATE LIMITED** (approved institution).

8. CONFIDENTIALITY

- a. During and for a period of Five years from the date of disclosure, each party agrees to consider as confidential all information disclosed by the other party in written or tangible form or, if orally disclosed confirmed in writing within thirty days of disclosure and identified as confidential by the disclosing party.
- b. The obligations above shall not extend to any confidential information for which the receiving party can prove that this information:
 - is in the public domain at the time of disclosure or comes within the public domain without fault of the receiving party.
 - is already known or become known to the receiving party
 - is received from a third party having no obligations of confidentiality to the disclosing party,
 - is required to be disclosed by law or court order.

9. NON-EXCLUSIVITY

The relationship of the parties under this MOU shall be nonexclusive and both parties, including their affiliates, subsidiaries and divisions, are free to pursue other agreements or collaborations of any kind. However, when entering into a particular agreement, the participants may agree to limit each party's right to collaborate with others on that subject.

10. TERMS AND TERMINATION

This MOU, unless extended by mutual written agreement of the parties, shall expire 5 years after the effective date specified in the opening paragraph. This MOU may be amended or terminated earlier by mutual written agreement of the parties at any time. Either party shall have the right to unilaterally terminate this MOU upon 60 days prior written notice to the other party. However, no such early termination of this MOU, whether mutual or unilateral, shall affect the obligations of the participants under any Agreement, Confidentiality clause as referenced in clause 3 above, or any other agreement entered into pursuant to this MOU, which obligations shall survive any such termination.

11. RELATIONSHIP

Nothing in this MOU shall be construed to make party a partner, an agent or legal representative of the other for any purpose.

12. ASSIGNMENT

It is understood by the Parties herein this MOU is based on the professional competence and expertise of each party and hence neither Party shall transfer or assign this Agreement, or rights or obligations arising hereunder, either wholly or in part, to any third party.

8. MISCELLANEOUS:

The details for the efficacious implementation of this Memorandum of Understanding shall be jointly worked out on mutually acceptable terms within the parameters of the policies, rules and regulations of both the institutions.

The parties to this memorandum may, by mutual consent, add modify, amend, delete, review or revise any term(s) and condition(s) of this agreement.

The intent and implementation of this memorandum is **SUBJECT** to the policies of the respective states (in case of international agreements) and the laws of the land.

The parties to this **MOU** undertake to treat as **CONFIDENTIAL AND PRIVILEGED** information of the other institution, which is so classified in advance. The terms of confidentiality and mode of disclosure shall be as per mutually acceptable terms.

This MOU shall require the ratification of the competent academic/executive body of both the institutions.

9. COSTS OF THE MOU

Each Party shall bear the respective costs of carrying out the obligations under this MOU.

10. SIGNED IN DUPLICATE

This MOU is executed in duplicate with each copy being an official version of the Agreement and having equal legal validity.

BY SIGNING BELOW, the parties, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the day and year first above written.

MEMORANDUM OF UNDERSTANDING

BETWEEN

Automechano Technologies

AND

PRIYADARSHINI BHAGWATI COLLEGE OF ENGINEERING, NAGPUR

Department of Computer Science and Engineering

Legitimate From: 1st Feb 2023 to 30thJan 2028

Automechano Technologies, at Plot No 9, Makde layout, Bhande Plot Square, Umrer Road, Nagpur-09, Software & Web Development Company also working as an authorized Global IT Microsoft Training Centre & APTC on behalf of itself and acting through the Director,

AND

This Agreement made and entered into on this 1st day of Feb 2023 between PRIYADARSHINI BHAGWATI COLLEGE OF ENGINEERING, (hereinafter called "PBCE" which expression shall include its successors and permitted assignees) with its registered office at Harpur Nagar, Near Bada Taj Bagh, Umrer Road , Nagpur-24.

The aforesaid Institutions are hereinafter referred to individually as *institute* and collectively as *institutes*.

It is the statutory object to disseminate advance knowledge by providing instructional, IT Training and Placement facilities in such branches of earning as it may deem fit and it shall endeavor to provide students and teachers the necessary atmosphere and facilities for the promotion of:

1. OBJECTIVES OF THE MOU

The objectives of this Memorandum of Understanding are:

- a. To endorse interaction between **Automechano Technologies** and PBCE in jointly beneficial areas towards students Technical Development.
- b. To provide a formal basis for initiating interaction between **Automechano Technologies** and PBCE.
- c. To endorse and enhance academic interest between **Automechano Technologies** and PBCE.
- d. To provide advice for implementation of Quality & Authorized IT & related Communication education at PBCE.
- e. To encourage bright students of PBCE to come for Internship/Industrial Visit/IT Education at **Automechano Technologies**.
- f. To endorse IT, Communication, Robotics, & Electronics related education activities between institutions.
- g. To make Students eligible & provide them platform of International Certifications towards IT and Communication.

2. PROPOSED MODES OF COLLABORATION

Automechano Technologies and **PBCE** (For Department of Computer Science and Engineering) propose to collaborate through the following:

- a) Non-Commercial Cooperation and Promotion of Education and Training in areas of mutual interest.
- b) Any other below mentioned appropriate mode of interaction agreed upon between **Automechano Technologies** and PBCE.

Technical Areas of Collaboration

- a) A continuing IT Quality improvement programme to improve quality of Information Technology education at PBCE through short-term/long-term certificate courses at **Automechano Technologies**, Faculty/Guide of **Automechano Technologies** could also be sent to PBCE for necessary assistance and guidance.
- b) Provide academic interaction by delivering special lectures at PBCE on topics of relevance to IT industry.
- c) Provide necessary help in organizing Workshops/Conferences Programs at PBCE for enhancement of skills for students of PBCE.
- d) Provide necessary support for establishment of IT Infrastructure as needed for any IT focused activities and Webinars.
- e) Usage of Academic Infrastructure of PBCE for conducting Lectures/Workshops/Technical Seminars.
- f) To provide Internship programme/Industrial Visits for students of PBCE under Course programme of **Automechano Technologies** Nagpur

α. Industrial Visits for students – Semester wise

We believe that, **Industrial Visit** is considered as one of the most tactical methods of teaching. It provides students with an opportunity to learn practically through interaction, working methods and employment practices. Moreover, it gives exposure from an academic point of view. **Automechano Technologies** also understand that, Industrial visit is a part of an Engineering course, during which students visit companies and get insight regarding the internal working environment of a company and how a company functions, as well as useful information related to the practical aspects of the educational course which cannot be visualized in lectures.

β. Internship & Live Project Development using Industry Platform – Software Programming

Summer & Winter Internship:

An Internship at **Automechano Technologies** provides valuable experience to all interns. As per **Automechano Technologies** experience, it helps candidate to gain a better understanding of their knowledge, likes, dislikes, and wants for the future. It also gives them valuable hands-on experience and allows them to apply what they've learned as per their interest to a certain career field.

Interns can join & complete this Internship only at Company premises. Duration of this Internship is 6 Weeks to 8 Weeks depending upon the Company Schedule. Interns may have to spend at least 2 Hrs / day during session. Summer Internship Starts in the Month of May & June while the Winter Internship sessions starts in the month of November & December. Industry Speakers, Tech Guides and Developers covers all the sessions in Internships.

Live Project Development:

The inventiveness was created keeping the issues and concerns of the IT Industry at one end and challenges of the Educational Institutions at the other end. As part of this initiative, **Automechano Technologies** has been nurturing the IT Industry- Educational Institutions interface through Live Industrial Projects and Real Time Development to ensure better synchronization between IT education and the industry requirements. Besides providing projects from our sister concern **Automechano Technologies** we also have association with many IT companies who provide live modules to us.

As far as the current IT industry is concerned **Automechano Technologies** believes supply is more than demand. Our Project Development assignment helps Students to get more practical knowledge than theoretical. The industry needs hardcore coders who will deliver quality projects adherence to timelines. Not only that current IT industry is looking for people who thinks out of box and can practically implement ideas. The significant part by doing an academic project is that the students will learn the technology thoroughly and should be able to deliver any project in that language. The most important phase of a technical student is his ability to display his/her knowledge practically.

This bond will help PBCE students to get entry for very nominal fees. Students/ Candidates would bare their own expenses for this facility. Likewise, Internship, Project trainees can join & complete this work only at Company premises. Duration of this Project work is 12 Weeks to 24 Weeks depending upon the Company Schedule. Trainees may have to spend at least 4 Hrs / day during session. Trainees would have to go through necessary training and then need to finish tasks allotted by Team Leads and Developers.

Technical Seminars / Workshops

Automechano Technologies always give preference to keep the students well acquainted with contemporary issues in IT & its related Industries and to keep pace with the changing environment, seminars/ workshops play an vital role for development, we would organize this on Every Friday or Saturday, where our Industry experts will deliver Guest lectures, Speeches and demonstrations on recent trends (Topics and Modules wise) related to Information Technology for faculty members and students. In order to improve students' developing knack of handling interview & communication skills and to provide strong foundation of Computer languages communication workshops would be regularly organized as per mutual schedule which would also include building positive attitude, positive thinking, time management, developing interpersonal skills, developing listening skills and participation skills in group discussions etc. (For Topics, take ref of resources mentioned in para 2-d).

δ. IT Training's (Under- IT Infrastructure, Client & Web Based Software, Database, Cloud, Mobile Apps, etc)

Here, IT Training is an Industrial training, method by which a student can undergo somewhat theoretical and more on practical training with an industrial undertaking having specified interest. Industrial training can be commenced on regular basis during semester of students' academic. Industrial training can be performed in a Network Infrastructure, Software, Database Management, Artificial Intelligence, Mobile Apps Development and Hardware domains.

Resources as per IT International Standard and requirements are currently available for:

Hardware – CompTIA A+ and Network +

Connectivity & Security – Devices & Connectivity, Using Live Cisco Routers & Switches, ICND, CCNP with Routing, Switching & Troubleshooting

Network, System & Securities – Microsoft Solutions Associate & Engineering, Exchange Server

Wireless Tech – Essentials of wireless communications with Antennas, Wireless Routers and other Devices

Microsoft Platform – C#.Net, Active Server Pages. Net, XML and SQL Server (back end), Silverlight, WCF, Etc

Oracle Database – Oracle SQL Expert, Forms Apps, Back up & Recovery, Performance & Tuning, latest Administration I & Administration II Tracks

Open Source SW Platform – Using Core Java, Advance Java and Java 2 Enterprise Edition (J2EE)

Advance Technologies – Struts, Eclipse, Hibernate, etc

Web Tech – PHP and My SQL

These modules as resources are subject to change as per the industries guidelines & up gradations and also can be added and/ or remove.

ε. **International Certifications Through Prometric & Other Test delivery partners**

Global Need- Automechano Technologies is an International Test Delivery Centre and helps Students as well as working professionals for scheduling and delivering International IT Exams also we assist them in preparation before attempting to respective exams. These IT Certification brings with it industry recognition, improved job opportunities, and improved pay. Folks who want to self-study for a certification can do so. They don't have to go to any other place to get trained. **Automechano Technologies** Training that leads to IT certification is cheaper and of a shorter duration than comparable degree programs. IT certifications allow an individual to focus on a topic of interest without HAVING to take non-essential courses. The IT & Communication certification process is job- and skills-oriented. Students and Candidates learn how to do a task, how to troubleshoot a problem, and how to reason through a design. It is real-world oriented. It is not an ivory tower exercise in killing time.

General Idea - The IT training and certification industry is open to people of all ages and backgrounds. Anyone who wants to change careers, wants to learn new skills, and is willing to learn and work hard can be successful in IT. Students/ Candidates those who are 18 years old or 80 years old, you can have a good career in IT through the certification options available.

Facts:

- **86%** of hiring managers indicate IT certifications are a **high or medium priority** during the candidate evaluation process. (CompTIA, *Employer Perceptions of IT Training and Certification*, January 2011).
- **8 in 10** HR execs verify certifications among job candidates. (CompTIA, *Employer Perceptions of IT Training and Certification*, January 2011).
- **91%** of hiring managers consider certification as part of their hiring criteria. (Microsoft, *Microsoft Certification Program Satisfaction Study*, April 2012).
- **64%** of IT hiring managers rate certifications as having **extremely high or high value in validating the skills and expertise** of job candidates. (CompTIA, *Employer Perceptions of IT Training and Certification*, January 2011)
- **Certification, Training and Experience** are three of the top four **most important characteristics** when selecting a candidate for a cloud-related position. (IDC/Microsoft, *Climate Change: Cloud's Impact on IT Organizations and Staffing*, November 2012)

Challenge - The only confusing and difficult part of Certifications is that, the certification process can cost a high amount in terms of finances and time. Most of the available certifications can be earned through experience and self-study, while some require high-cost instructor-led training. There are too many certifications available and student or candidate needs to decide this by them self.

Companies Who Offer – Apple, Black Berry, CompTIA, EMC2, Redhat Teradata, Oracle, Microsoft, IBM, Google, Planet 3 Wireless, Cisco Systems, TCS, Magento, Zend and other Global Brands.

φ. **Placement Drive for Final Year Students:**

This facility can be availed by the students those who have gone through proper training and project development work. **Automechano Technologies** will assist Placements for all such respective students into own **Automechano Technologies**) and associate Companies. This doesn't intent that it brings any sort of assurance of Students placement. IT-NetworkZ and its associates do not guarantee about placements and joining.

WHEREAS

The **PBCE** has decided to recognize **Automechano Technologies** an approved Institution as decided by the Syndicate of the Board and to recognize to conduct various Industries/Job oriented para-professional courses under the approved institution of On campus/Off campus paraprofessional programme centers/Transfer of Technology and research programme center in collaboration with **Automechano Technologies**.

The parties have had preliminary discussions in this matter and have ascertained areas of broad consensus. The parties now, have therefore, agreed to enter in writing these areas of consensus, under a Memorandum of Understanding.

Now this Memorandum of Understanding witnesses that: The **Automechano Technologies** (approved Institution) shall offer the above listed training and Services as approved by the PBCE for Department of Electronics & Communication Engineering. The training fees of the respective courses may be fixed and revised as and when required by the mutual consent of the PBCE and **Automechano Technologies** (approved institution).

3. CONFIDENTIALITY

- a. During and for a period of Four years from the date of disclosure, each party agrees to consider as confidential all information disclosed by the other party in written or tangible form or, if orally disclosed confirmed in writing within thirty days of disclosure and identified as confidential by the disclosing party.
- b. The obligations above shall not extend to any confidential information for which the receiving party can prove that this information:
 - is in the public domain at the time of disclosure or comes within the public domain without fault of the receiving party.
 - is already known or become known to the receiving party
 - is received from a third party having no obligations of confidentiality to the disclosing party,
 - is required to be disclosed by law or court order.

4. NON-EXCLUSIVITY

The relationship of the parties under this MOU shall be nonexclusive and both parties, including their affiliates, subsidiaries and divisions, are free to pursue other agreements or collaborations of any kind. However, when entering into a particular agreement, the participants may agree to limit each party's right to collaborate with others on that subject.

5. TERMS AND TERMINATION

This MOU, unless extended by mutual written agreement of the parties, shall expire 4 years after the effective date specified in the opening paragraph. This MOU may be amended or terminated earlier by mutual written agreement of the parties at any time. Either party shall have the right to unilaterally terminate this MOU upon 60 days prior written notice to the other party. However, no such early termination of this MOU, whether mutual or unilateral, shall affect the obligations of the participants under any Agreement, Confidentiality clause as referenced in clause 3 above, or any other agreement entered into pursuant to this MOU, which obligations shall survive any such termination.

6. RELATIONSHIP

Nothing in this MOU shall be construed to make party a partner, an agent or legal representative of the other for any purpose.

7. ASSIGNMENT

It is understood by the Parties herein this MOU is based on the professional competence and expertise of each party and hence neither Party shall transfer or assign this Agreement, or rights or obligations arising hereunder, either wholly or in part, to any third party.

8. MISCELLANEOUS:

The details for the efficacious implementation of this Memorandum of Understanding shall be jointly worked out on mutually acceptable terms within the parameters of the policies, rules and regulations of both the institutions.

The parties to this memorandum may, by mutual consent, add modify, amend, delete, review or revise any term(s) and condition(s) of this agreement.

The intent and implementation of this memorandum is **SUBJECT** to the policies of the respective states (in case of international agreements) and the laws of the land.

The parties to this **MOU** undertake to treat as **CONFIDENTIAL AND PRIVILEGED** information of the other institution, which is so classified in advance. The terms of confidentiality and mode of disclosure shall be as per mutually acceptable terms.

This MOU shall require the ratification of the competent academic/executive body of both the institutions.

each Party shall bear the respective costs of carrying out the obligations under this MOU.

10. SIGNED IN DUPLICATE

This MOU is executed in duplicate with each copy being an official version of the Agreement and having equal legal validity.

BY SIGNING BELOW, the parties, acting by their duly authorized officers, have caused this Memorandum of Understanding to be executed, effective as of the day and year first above written.

Dear Editor (Publication),

I hope this email finds you well. I am writing to express my interest in joining the esteemed team of reviewers for Mechanical Engineering Journals . As an avid researcher in [your field of expertise], I have been following the journal's publications with great interest and admiration for its contributions to the academic community.

I have completed my Ph.D. in Mechanical Engineering. Throughout my academic journey, I have actively engaged in research projects and published several papers in reputable journals. My research interests lie in **Robotics, Industrial Engineering, Automation, Operation Research, MCDC**. I believe that my expertise in **Robotics, Industrial Engineering, Automation, Operation Research, MCDC** and my familiarity with the latest developments in the field make me well-suited to contribute as a reviewer for your journal.

I am aware of the crucial role that reviewers play in ensuring the quality and integrity of published research. I am dedicated to upholding the rigorous standards set by the journal and providing constructive feedback to authors. With a keen eye for detail, a comprehensive understanding of research methodologies, and excellent analytical skills, I am confident in my ability to critically evaluate manuscripts and offer valuable insights to enhance the scholarly contributions.

If given the opportunity, I commit to providing timely and thorough reviews that uphold the journal's reputation for excellence. I understand the confidentiality and ethical responsibilities associated with the reviewing process, and I assure you that I will adhere to the highest professional standards.

Please find attached my curriculum vitae (CV) that provides more detailed information about my academic background, research experience, and publications. I would be honoured to contribute to the review process of Journal.

Thank you for considering my application. I eagerly await your favourable response. If there are any further application procedures or requirements, please let me know, and I will gladly comply.

I look forward to the possibility of collaborating with the esteemed editorial team of Journal and contributing to the advancement of knowledge in **Robotics, Industrial Engineering, Automation, Operation Research, MCDC**.

Thank you for your time and consideration.

Thanks and warm regards,

Dr. Shailendra Daf

**Dear Dr. Shailendra Daf,
Greetings of the day!**

MAT Journals is pleased to invite you to join us as an **Editorial Board member** if you have at least **12 years of teaching experience** otherwise you can also join us as a **reviewer** in the Mechanical domain. The main aim of MAT Journals is to expand and share new knowledge in disciplinary subjects globally. We believe that your timely participation will certainly be of immense support/ guidance to us.

I would suggest you kindly go through our website [homepage](#) to know about our areas of work. We are sure you will be delighted to see the representation of subjects from diversified areas and catering to venerated audiences all over the globe.

Mechanical Journals:

Research Paper/Review Articles/Popular Articles/Short Communications are invited on the following topics:

1. Journal of Mechanical and Mechanics Engineering (e-ISSN: 2581-3722)
2. Journal of Advancements in Material Engineering (e-ISSN: 2582-0036)
3. Journal of Advancement in Machines (e-ISSN: 2582-2233)
4. Journal of Mechanical Robotics (e-ISSN: 2582-2187)
5. Journals of Mechatronics Machine Design and Manufacturing (e-ISSN: 2582-8908)
6. Journal of Industrial Mechanics (e-ISSN: 2582-1067)
7. Journal of Recent Trends in Mechanics (e-ISSN: 2582-3213)
8. Journal of Automation and Automobile Engineering (e-ISSN: 2582-3159)
9. Journal of Thermal Energy Systems (e-ISSN: 2582-5747)

You can choose *any Two journal* based on your Expertise and Knowledge of the subject.

MANDATORY TASK FOR EDITORIAL BOARD MEMBERS:

- ***It's compulsory for all editorial board members to submit one or two papers per issue.***
- ***You have to review a minimum of 5 papers in a year (Editorial Assignment).***

The foremost responsibility of the editorial board member is to review the manuscripts (articles) and pronounce their quality for publication in the journals.

This will offer a podium for exploring new capabilities, and sharing ideas and knowledge, which will help in increasing international research output areas.

We request you please provide your photo and fill out the consent form attached to this mail.

You can directly mail to mechanical@matjournals.in for any assistance

Thank you for reaching out to me and extending an invitation to join MAT Journals as an Editorial Board member or reviewer in the Mechanical domain. I appreciate your recognition of my experience and expertise in the field.

I have visited MAT Journals' website homepage as suggested and I am impressed by the diverse range of subjects represented and the commitment to sharing new knowledge globally. The broad scope of topics covered by the journal indicates a dedication to fostering interdisciplinary collaboration and advancing academic discourse.

Given my teaching experience of over 12 years in the Mechanical domain, I am pleased to accept your invitation to join MAT Journals as an Editorial Board member. I believe that my insights and expertise can contribute significantly to the quality and relevance of the journal's publications. I am excited to collaborate with the esteemed team of scholars and researchers involved in expanding the frontiers of knowledge in our field.

Please let me know what further steps I need to take to formalize my involvement as an Editorial Board member. I look forward to working closely with you and the rest of the team at MAT Journals to advance research and promote excellence in our domain.

Thank you once again for considering me for this opportunity. I am honoured to be a part of MAT Journals' mission.

As u suggested, I am selected following journal:

1. Journal of Mechanical Robotics (e-ISSN: 2582-2187)
2. Journal of Recent Activities in Production (e-ISSN: 2581-9771)

Memorandum of Understanding (MoU)

between

Priyadarshini Bhagwati College of Engineering (PBCOE), Nagpur,

&

**Kavikulguru Institute of Technology and Science (KITS), Ramtek
Nagpur, Maharashtra**

Priyadarshini Bhagwati College of Engineering is located at Harpur Nagar, Umred Road, Near Bada Tajbagh, Nagpur - 440024 represented by the Principal and Kavikulguru Institute of Technology and Science (KITS), Ramtek, Nagpur, Maharashtra represented by the principal in furtherance of their mutual interest to jointly conduct different academic activities during academic session 2022-23.

The MoU Term and Conditions are as below:

1. Both PBCOE and KITS shall appoint their Conveners, Coordinator and Co-coordinators of every academic programme which will be organized by them jointly. They will organize webinars, talks, Faculty Exchange Programme, Faculty Development Programme and other activities from time to time on the basis of their discussion and understanding.
2. If both will organize any programme then the financial part shall be based on their joint discussion as per the requirement of the specific academic program.
3. Various Cell of PBCOE will invite their faculties and students in their skill-based activities/programmes and KITS will also give the same opportunity to our students and faculties.
4. This MoU may be terminated by one of the parties, i.e., PBCOE or KITS by written notice of at least 60 days in advance. The agreement can be amended or changed by mutual written consent.
5. The purpose of this MOU is to state the intentions of the parties in undertaking a collaboration in the research and development of PBCOE. The Parties have

common scientific and research interests and will cooperate in performing the activities stated below.

Types of Cooperative Activities

The scope of collaboration on research activities to be pursued through this MOU includes the following:

1. Research collaboration in the areas of mutual interest.
2. Exchange of academic materials which are made available by both parties.
3. Exchange of visiting research scholars.
4. Cooperative symposia, seminars, workshops and conferences.

This MoU has been signed in two copies, of which each party has taken one. Both of them have equal validity for 3 years from the date of Signature.

Seminar Report on “Application of 3D Printing in Bioengineering”

1. Event Title : Seminar on “Application of 3D Printing in Bioengineering”
2. Event Date and time : 28th April 2023 at 11:00 am to 12:30 pm
3. Event venue : Seminar Hall (Fourth Floor)
4. Event resource person : Dr. Mahesh B. Mawale, Associate Professor, Mechanical Engineering, Kits Ramtek.
5. Name of Event Coordinator : Dr. S. P. Daf , Asst. Prof. Mech. Engg. Dept & IQAC Member
6. Number of students : 80
7. Objective : The primary objective of this seminar is to explore and disseminate knowledge about the cutting-edge applications of 3D printing technology in the field of bioengineering. Through a series of informative sessions and discussions, attendees will gain a comprehensive understanding of how 3D printing is revolutionizing bioengineering, from tissue engineering and prosthetics to drug delivery systems and personalized medicine.
8. Outcome : The seminar aims to achieve several key outcomes. Participants will leave with a heightened awareness of the innovative applications of 3D printing in bioengineering, potentially inspiring them to explore similar collaborations. They will also gain in-depth knowledge of the technical aspects of 3D printing in bioengineering, including materials and techniques. The event will foster cross-disciplinary connections among attendees, encouraging interdisciplinary collaboration and research partnerships. Moreover, participants will develop problem-solving skills by learning to apply 3D printing to complex bioengineering challenges. Ethical considerations related to 3D printing in bioengineering will be discussed, promoting responsible practices.

Dear Sir,
Sub: Research Project- Proposal for a joint work on your industrial problems.
Greetings from Priyadarshini Bhagwati College of Engineering, Nagpur

It gives us immense pleasure to introduce ourselves as a premier Engineering College in Nagpur, imparting quality Engineering Education. We are offering five fulltime B. Tech degree programs and two post graduate programs affiliated to the RTMNU, Nagpur University and recognized by AICTE, New Delhi.

We know that you are a pioneer in the field of manufacturing high quality Drone and Robots to the needs of all types of industries a well-known company with modern equipment's for manufacturing of Drone and Robots.

As a part of our extension activity and to strengthen Institute-Industry partnership, we offer a research works in various areas of the Industries. Our faculty members are specialized in their field and have adequate knowledge to address and solve the problems arising in Industries. We also have state of the art modern infrastructure in our laboratories/workshops primarily to focus on academic needs of our students. And these facilities can be used up for design, drawing, conduct experiments, testing and can be extended up to validation etc,

Also we believe when theory and practice go hand in hand, many of the challenges faced by industries could be solved to achieve better results. In this regard, we would like to have a discussion with you and work on areas where we could jointly work together.

Dear Sir,
Sub: Our approval for your offer of Research works.

Ref: i) Your willingness/offer letter dated on 23/07/2022
ii) Our Telephonic discussions

In continuation with your offer of research works and further discussion over phone by representatives of both the parties in the reference cited, we are happy to offer our partnership in carrying out the new product development of manufacture of **“Design and fabrication of Fire Fighting Robot”**.

As we have been in this field of manufacturing and provide a service of Robots and Drone for many years, some of our clients require Fire Fighting Robot, We will be happy if you propose a project from design to complete manufacture of Fire Fighting Robot with our existing facility.

Kindly give us your consent on this at the earliest so we can further decide on the modalities of this work. We suggest you to go ahead on this project and if necessary, we are willing to attend meetings arranged by you to give technical inputs.

Also please note that your team can come and access our manufacturing, testing facilities on all working days with a prior intimation for collecting data.

Kindly inform us the schedule of meetings in advance so that we can depute our representatives to take part and give required inputs.

Thanking You.

DEPARTMENT OF MECHANICAL ENGINEERING

DESIGN AND FABRICATION OF FIRE FIGHTING ROBOT

ABSTRACT

This project is designed to develop a fire fighting robot using RF control technology for remote operation. The robotic vehicle is loaded with water tanker and a pump which is controlled over wireless communication to throw water. An 8051 series microcontroller is used for the desired operation. This mobile robot is controlled using a mobile phone and reaching fire at the transmitting end using push button, commands are sent to the receiver to control the movement of the robot either to moved forward, backward and left or right. At the receiving end four dc motors are interfaced to the microcontroller. Further project enhanced by interfacing it with a wireless technology.

Detail of Project:

Fire causes tremendous damage and loss of human life and property. It is sometimes impossible for the fire fighter personnel to access the sight of fire because of explosive materials, smoke and high temperature. Through this we can conclude that robot can be placed where human lives are at risk. The robot can operate in the environment which is out of human reach in very short time. In such environments, fire fighting robots can be useful for extinguishing fire. These robots should be controlled remote operators who are located far away from the fire site using remote communication systems. The robot accurately and efficiently finds the fire within minimum time after the fire is detected. In future work Project aims to promote technology innovation to achieve a reliable and efficient outcome. Mobile robot that can move through a model structure, find fire and extinguish it. The movement of the robot is controlled by the sensors which are fixed on the mobile platform .is to provide security of home, laboratory, office, factory and building is important to human life. We develop an intelligent multisensory based security system that contains a fire fighting system in our daily life. We design the fire detection system using sensors in

the system, and program the fire detection and fighting procedure using sensor based method.

Components Used:

The model which we have fabricated fire fighting robot. All these components assembly assemble on the flat ply board

The main components used to fabricate the model are:

1. DC Diaphragm WATER PUMP 12v
2. NODE MCU
3. Wheels
4. GSM Modem
5. Relay 12 Volt
6. Copper Clad
7. Etching Powder (FECL3)
8. BC 547 Transistor

PREAMBLE

TensorBrew Pvt Ltd, hereinafter referred to as 'TENSORBREW', registered under Companies Act, is engaged in building industry solutions based on Artificial Intelligence (AI) & Machine Learning (ML). TensorBrew works with its clients and partners to help them in their AI journey. TensorBrew has its AI/ML offerings in the domain of Security & Compliance, Information Management and Work optimization. TENSORBREW is led by Rajeev Kumar who has over 23 years of experience in the IT Industry and has worked with Fortune 100 clients like IBM, Google, Disney etc.

Priyadarshini Bhagwati College of Engineering (PBCOE) is a highly reputable institute and offers Engineering courses in Computer Science & Engineering, Electronics and Communication Engineering, Information Technology, Civil Engineering and Mechanical Engineering.

PBCOE's mission is to generate effective synchronization amongst academicians, professionals, technocrats and students so as to achieve excellence in professional education with a sense of commitments to meet the national aspirations.

PBCOE is committed to create state of art infrastructure, highly competent, learned and motivated faculty, best of the books, journals, computing and internet facilities for the students, who in turn will be useful for industries in particular and society in general.

This Memorandum of Understanding (MOU) is entered into by and between TENSORBREW, with a registered address at K-138, Concorde Silicon Valley, Bangalore - 560100 India and PBCOE located at Priyadarshini Campus, Digdoh Hills, Hingna Road, Nagpur - 440019 India.

1. Purpose

There has been significant progress in the field of AI/ML. The advances in the field of AI/ML provide an excellent opportunity for Industry to build new products and services. There is a strong need for resources skilled in AI/ML and demand is expected to grow significantly. Moreover, AI/ML has its applications in every single domain wherever human knowledge is used.

Both TENSORBREW and PBCOE

- Recognize the importance of research and development in the areas AI/ML, as well as imparting industrial training to the students, etc.

- Appreciate the need for creation of a large reservoir of highly qualified manpower in the AI/ML field.

In this regard, TENSORBREW and PBCOE intend to form a partnership to create a **Center of Excellence** at PBCOE in the field of AI/ML. Both parties will collaborate, share information and technology to support this initiative covering the following activities:

- Capability development of the students
- Faculty Development
- Laboratory/ infrastructure Development
- Placement
- Internship
- Research Publications
- Workshops, Seminars, Events

In consideration of the mutual promises made herein and of good and valuable consideration, the receipt and sufficiency of which both TENSORBREW and PBCOE hereby acknowledge, and hereby agree to sign a Memorandum of Understanding (MOU).

2. Scope

This MOU details the modalities and general conditions regarding collaboration between TENSORBREW and PBCOE for enhancing, within the country, the availability of highly qualified manpower in the areas of AI/ML without any prejudice to prevailing rules and regulations in TENSORBREW and PBCOE, without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to TENSORBREW and PBCOE.

Following are the areas of cooperation that can be extended through mutual consent.

1. **Training:** TENSORBREW will provide AI/ML training for PBCOE students in the following format:
 - a. Overall AI/ML Training program will be divided into **4 Certification programs of 3 months** duration each:
 - i. Data Science Fundamentals (Core Machine Learning)
 - ii. Computer Vision with Deep Learning
 - iii. Natural Language Processing (NLP)
 - iv. Productionizing Machine Learning

- b. The program will be available to students of **all branches** as AI is a cross-domain field.
 - c. Training pedagogy will use a combination of Classroom training (see Faculty Development below) with Online Learning.
 - d. TENSORBREW will provide a web based Learning Platform with 24x7 access to the students in Self-Learning format.
 - e. The program will utilize the following to impart the training.
 - i. Classroom sessions
 - ii. Video sessions
 - iii. Code notebooks
 - iv. Reading Material
 - v. Quizzes
 - vi. Projects/ Assignments
 - f. Student's learning through Web portal will be supplemented through Classroom learning (see Faculty Development below).
 - g. AI/ML is an evolving field whereas new techniques are proposed by AI/ML researchers on a regular basis. Program content will be kept updated on a regular basis.
 - h. TENSORBREW will provide Email support for Student's queries throughout their learning journey in this program.
2. **Internship:** TENSORBREW will provide internships to top 5% students based on their progress in the AI/ML learning program.
3. **Faculty Development:** TENSORBREW will help PBCOE with faculty development in the field of AI/ML by:
- a. Conduct training workshops based on mutually agreed upon schedule.
 - b. Conduct Q&A sessions.
 - c. Access to Learning Platform
 - d. TENSORBREW will also provide its own Instructors for mutually agreed upon duration as PBCOE faculty members build proficiency in the AI/ML field.

4. **Final Year Projects** : TENSORBREW will assist students in their final year project in the AI/ML field. The assistance will be provided in terms of idea validation, code reviews, paper publication etc.
5. **Placement Assistance**: TENSORBREW will assist final year students, who have done well in AI/ML training program, by
 - a. Engaging with its client and partner firms to gather AI/ML requirements.
 - b. Match deserving students with identified opportunities.
 - c. Help students showcase their work using GitHub repositories.
 - d. Assist in resume building.
6. **Lab / Infrastructure Development**: TENSORBREW will share its expertise in setting up an AI/ML lab / COE based on PBCOE requirements. The assistance will cover the following area:
 - a. Identifying appropriate Hardware *i.e* On premise vs Cloud, GPU, CPU, RAM etc
 - b. Software selection for AI/ML work
 - c. Any ongoing support with Lab/CoE setup
7. **Workshops, Seminars**: TENSORBREW will bring in Industry expertise to conduct Workshops, Seminars at PBCOE as well Online based on mutually agreed upon schedule. Workshops will be of 3-5 days duration with hands-on experience in Data Science, Machine Learning and Deep Learning. The topics for the workshops and seminars will be decided based on discussion with PBCOE.
8. **Research papers publications**: TENSORBREW can provide support for research work done by PBCOE students in the AI/ML field. The exact engagement will be described based on mutually agreement.

3. Costs

The following provides details of the costs associated with services rendered by TENSORBREW as part of this MoU.

1. **Web Learning Platform**:
 - a. The fee for the learning platform will be **Rs. 200 per student per month**. The fee is being kept very low to encourage students to build skills in the AIML field.
 - b. This fee covers costs for hosting and maintaining the Learning Platform.
 - c. Students are required to have a desktop/laptop to access the content on the learning platform.

2. **Internship:** No additional cost
3. **Faculty Development:**
 - a. The cost for faculty development will be based on institutional norms
 - b. Cost for TENSORBREW instructors visiting PBCOE will be assessed based on required effort and further discussion with the PBCOE.
4. **Final Year Projects :**
 - a. Cost will be assessed based on the amount of effort required and Project complexity.
5. **Placement Assistance:** No additional cost.
6. **Lab / Infrastructure Development:**
 - a. This will be assessed based on the amount of effort required at the time of the start of this initiative at the PBCOE.
7. **Workshops, Seminars :**
 - a. Cost for the same will be discussed and agreed up with PBCOE before scheduling the event.
8. **Research Paper publications:**
 - i. Cost will be assessed for each individual research initiative based on the amount of effort and complexity.

Any travel expenses incurred by TENSORBREW personnel will be billed to the PBCOE on an actual basis.

4. MoU Duration

1. This MOU shall be effective from the date of its approval by competent authorities at both ends.
2. The duration of the MOU shall be for a period of 3 years from the effective date.
3. During its tenancy, the MOU may be extended or terminated by a prior notice of not less than six months by either party. However, termination of the MOU will not in any manner affect the interests of the students/faculty/scientists who have been admitted to pursue a programme under the MOU.
4. Any clause or article of the MOU may be modified or amended by mutual agreement of TENSORBREW and PBCOE.

5. Confidentiality

During the tenure of the MOU both TENSORBREW and PBCOE will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MOU for any purpose other than in accordance with this MOU.

Both TENSORBREW and PBCOE shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to a third party without written approval of the disclosing party or use such confidential information for any use other than intended under this agreement.

Further both TENSORBREW and PBCOE shall put in place adequate and reasonable measures to keep and store confidential information secure so as to prevent any unauthorized use.

CONFIDENTIAL INFORMATION shall mean any proprietary information, data or facts belonging to PARTIES collectively or severally, disclosed by the disclosing party under this agreement or any subsequent agreement, whether in writing, verbal or electronically, irrespective of the medium in which such information is stored, which is marked confidential or with any other words having similar meaning by the disclosing party, or specifically agreed to be kept confidential by the parties, or declared or identified so by the disclosing party before such disclosure or during the discussions. However confidential information shall not include any data or information which:

1. or becomes publicly available through no fault of the receiving party is,
2. already in the rightful possession of the receiving party prior to its receipt of such data or information;
3. independently developed by the receiving party without reference to the confidential information of the disclosing party
4. rightfully obtained by the receiving party from a third party or is in the public domain.
5. disclosed with the written consent of the party whose information it is, or
6. disclosed pursuant to court order or other legal compulsion, after providing prior notice to the disclosing party.

6. Amendments

Any amendments to the AGREEMENT shall be in writing and agreed upon by both PARTIES.

7. Cancellation

Any party, at any point during the execution of this MoU, can initiate cancellation of the same with a written communication. The cancellation of the MoU will be effective from the date of such written communication.

The Parties to this Memorandum of Understanding hereby confirm their agreement to its terms by the following signatures:

DOCUMENT FOR COLLABORATION AND MEMORANDUM OF UNDERSTANDING

ENTERED INTO ON 30TH DAY OF MAY 2019

BETWEEN

SAMARA UNIVERSITY, RUSSIA

AND

PRIYADARSHINI BHAGWATI COLLEGE
OF ENGINEERING, NAGPUR, INDIA

SAMARA UNIVERSITY

To promote research interaction and co-operation.

Priyadarshini Bhagwati College of Engineering was established in 2007 affiliated to RTM Nagpur University. It is one of the fast growing technical institutes in the central India with a view to impart high quality technical education to the engineering aspirants.

We are here proposing the area of collaboration and common points of consideration of an MOU. The purpose of MOU is to carry out mutually beneficial activities in the frontline research areas of Science, Engineering and Technology. During the period of MOU, both the institute/organizations would cooperate and collaborate with each other in the identified areas of mutual interest for mutual development as detailed under.

Areas of Collaboration/interaction-

On its parts, the institute/organization shall consider and try, to the extent possible-

- 1) To share knowledge and expertise of the researchers, students, faculties and other members of both the organizations on case to case basis with mutual consent.
- 2) To provide resource persons for guest lecture / workshop etc. at the students and faculty development programs and research assignments of mutual interest.
- 3) To grant permission for visit of faculty members and the students to the Institute / Organization as per mutually convenient dates and schedule.
- 4) To offer testing and other technical facilities available with the institute / Organization if required by the members of institute/Organization.
- 5) To offer technical consultancy / training as per the need of both organization.
- 6) To offer the library / infrastructure /other amenities / facility of the institute to the organization personnel if required by the organization as per a procedure which is mutually evolved.

Common points of consideration-

- 1) The MOU does not imply any kind of financial obligation, unless agreed upon in writing, on either side and neither party can claim for any financial charges.
- 2) The association and activities carried out through the MOU should never be considered as an employment opportunity in any course of time by any individual concerned.
- 3) The MOU does not bind or compel either party to provide for the above mentioned favours to the other party and rather aims to build and foster a spirit of Collaboration for the mutual benefit while protecting the individual and mutual interests.
- 4) The MOU shall be effective from the date of signing/approval through official mail and either party can terminate this arrangement by a simple written communication by a competent authority at any point of time.
- 5) Neither party shall be liable for any indirect, punitive, special, incidental or consequential damages arising out of or in connection with this understanding, whether for breach of this MOU or in torts, including loss of business, data, revenue and profits or for any third party claims against the other whatsoever.

\\ About ICSET-2019

The International Conference on Science, Engineering & Technology (ICSET-2019) is in the series of interdisciplinary science conferences for advancement of science and technology. Over the last two decades there has been a drastic growth of interest in materials that exhibit unusual properties that may pave the way for new applications towards advancement of science and technology.

ICSET-2019 is an international gathering providing a stage to propagate the original research of academicians, researchers and students on Science, Engineering & Technology. The conference will have deliberations in Physical, Chemical, Biological & Engineering Sciences and Technology during **May 30 - Jun 01, 2019** at **Tashkent, Uzbekistan**. It will certainly abstract out the core themes to curtail down the gap between the research, industry and society to foster more persistent effort towards advancement.

About STAMI

Society for Technologically Advanced Material of India (STAMI) was established in 2006 at Nagpur, Maharashtra, India under the leadership of Prof. Ram Pal Tandon, the then Professor & Head-Dept. of Physics & Astro Physics, Delhi University- India. Its members are from academic fraternity from various nationally reputed institutions of India and are also supported by Executive members from various industries and abroad. The society was formed with a vision to provide a common Platform at international level for exchange of scientific ideas and contributions. The society is committed to its mission to develop research attitude amongst the teaching fraternity.

About PBCOE

Priyadarshini Bhagwati College of Engineering, (PBCoE) Nagpur is established in the year 2007 run by the well reputed Lokmanya Tilak Jankalyan Shikshan Sanstha. The college has been accredited by NAAC in 2017. The college has achieved remarkable position in the region within very short span. The architecture of the college is of international standard with all modern amenities. The college has state of art library, well equipped laboratories with high end computing facilities. The institute runs five under graduate courses namely Computer science & Engg, Information Technology, Mechanical Engg, Electronics & Communication Engg, Civil Engg & two post graduate courses in computer science and Electronics & Communication Engg. The college has produced many university rank holders and entrepreneurs. The college is known for its academic discipline and highly experienced, dedicated & devoted faculty members.

Report of International conference organized by Priyadarshini Bhagwati College of Engineering.

Priyadarshini Bhagwati College of Engineering has organized International Conference on Science Engineering and Technology (ICSET-2019) in collaboration with STAMI. This conference was held from May 30 to June 1, 2019 at Tashkent, Uzbekistan. The Conference was inaugurated by Dr. Vladimir Pevlyve, Head of Nano Engineering Department, Samara University, Russia. The conference has been successfully completed under the esteem guidance of Chairperson Dr. Kishor Revatkar and Co-Chairperson Dr. Nitin Choudhari.

The conference's keynote speaker, Dr. Vladimir Pulaweve, gave detailed information about the opportunities in the various fields of research in Nano technology, and guided researcher professors, that Nano Technologies is a very useful technique, there is a lot of work to do and he assured that if required, then Samara University Lab will provide facility.

STAMI Chairman and Conference chairperson Dr Kishore Ravpatkar expressed that STAMI. and PBCOE organized this conference & hence researchers from various fields have the opportunity to present their reconstruction work.

On this occasion, Conference's Co-chairperson Dr. N. K. Choudhari elaborated that the conference is a great path for interdisciplinary researchers. If new research is to be done in any field, then there will be need of knowledge in other field also. Therefore researcher in science engineering & technology should work together so that knowledge sharing can be done and initiate new innovation.

Dr.(Mrs.) A. R. Chaudhari proposed vote of thanks. Dr. Devashish Bhowmick, Dr. M. Giria, Dr. A. R. Golhar and other organizing committee members worked tirelessly for the success of the conference. Many people from the different countries presented their papers in this conference. Around 120 delegates were attended the conference.

In this conference Best paper in chemistry was given to Dr.(Mrs) A. R. Chaudhari and in engineering field it is given to Prof. K. D. Ganvir. Best young researcher awards given to Dr. (Ms) A. R. Golhar and Dr. (Ms) R. A. Nandanwar.

Respected Sir,

Greetings from Rubicon!

It is my pleasure to introduce **Rubicon**; **Rubicon** was incepted with a dream of a world where every youth has the power to transform lives for themselves and others around them. We strongly believe that every youth has the potential to make a difference in their personal lives as well as the community around them. We build competencies, which would help youth seek careers and prosper in their career of choice. We bring excitement into learning by developing and harnessing, their curiosity and intrinsic motivation for learning.

Rubicon's "Connect with Work" Program, supported by Barclays aims at improving the employability skills of the youth. This initiative is supported by Barclays. Under this program, students will be trained by Corporate Trainers to enhance their Life skills which would help them significantly to increase their chance of succeeding in a job interview. This program is being launched with limited no of colleges in India.

We are looking forward to partner with your institute and plan to run the below initiatives:

1. 24 hrs. classroom training on Interview Skills (Details mentioned below)
2. Industry visit of students to various organizations.
3. Post Placement Mentoring and Career Counselling for one year.

In Life Skills training, we will be covering the below topics:

1. Organizational Structure
2. Public Speaking
3. Presentation Skills
4. E-mail Etiquette
5. Grooming
6. Group Discussion
7. Personal Interview

8. Assessment will be conducted on Group Discussion and Personal Interview.

Note: We would like to clarify that neither the student nor the college is required to pay anything for this program.

1. OBJECTIVES OF THE MOU

The objective of this Memorandum of Understanding is:

- To promote interaction between **PBCOE** and **KATPL** in mutually beneficial areas.
- To provide a formal basis for initiating interaction between **PBCOE** and **KATPL**.

2. PROPOSED MODES OF COLLABORATION

Dept. of IT , PBCOE and **KATPL** propose to collaborate through

- a. Sponsoring student projects / fellowships / internships of engineering degree programs at Dept. of IT, **PBCOE**, Nagpur.
- b. Conducting various training programs for students of Dept. of IT, **PBCOE**.
- c. Conducting Workshops and Seminars on latest and cutting edge technologies for students of Dept. of IT, **PBCOE**.
- d. Training of **PBCOE** personnel / Faculty Development Program through various training programs conducted by **KATPL** in areas of interest to PBCOE.
- e. Assist students of Dept. of IT, **PBCOE** in Campus Recruitment Process and provide training for the same.
- f. Any other appropriate mode of interaction agreed upon between Dept. of IT, PBCOE and **KATPL**.

Each of the above modes of interaction will be initiated by entering into a separate agreement between the two parties.

termination of this MOU, whether mutual or unilateral, shall affect the obligations of the participants under any Training Agreement, Confidentiality clause as referenced in clause 6 above, or any other agreement entered into pursuant to this MOU, which obligations shall survive any such termination.

3. Event venue : CAD Lab
4. Event resource person : Mr. Girish Hedao, Nagpur Centre Head, IGT, Nagpur.
5. Name of Event Coordinator : Mr. S.P.Daf, Asst. Prof. Mech. Engg. Dept
6. Number of students : 53
7. Objective : To familiarize mechanical engineers with essential design software tools commonly used in the industry. The workshop aims to provide hands-on experience and practical knowledge, enabling participants to efficiently create, analyze, and visualize mechanical designs using relevant software.
8. Outcome : The workshop aims to bridge the gap between theoretical knowledge and practical application by equipping mechanical engineers with the skills needed to harness modern design software effectively. Participants will leave the workshop with a heightened ability to contribute to the design and development of mechanical systems, products, and solutions

Subject : Recognition as a Post Graduate Teacher/Ph.D. Guide
Reference : B.U.T.R. Meeting dated 22.11.2011. Item No. 03 (6) 28

Madam,

With reference to your application for recognition as a P.G. Teacher/Ph.D. Guide of this University, I have to state that, on the recommendations of the Research & Recognition committee, the University Authorities are pleased to recognize you as Post Graduate Teacher of the North Maharashtra University, Jalgaon from 22.11.2011 for imparting instructions in the subject Chemistry - Ph.D. (by Research) under the faculty of Science.

2. I wish to add for your information that you can accept research students for registration up to the age of 65 years and guide registered students up to the age of 70 years. Further it is mandatory to get the Research Laboratory recognized by the North Maharashtra University, Jalgaon for registering Ph.D. students.

Yours sincerely,

(Dnyandeo Neelwara)
